MANAGEMENT'S DISCUSSION AND ANALYSIS at September 30, 2015

As Management of the Authority, we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended September 30, 2015. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements as presented elsewhere in this Report.

A- Financial Highlights

1- The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$21,100,032 (net position) as opposed to \$23,062,226 for the prior fiscal year.

2 – As of the close of the current fiscal year, the Authority's Proprietary Fund reported ending Unrestricted Net Position of \$578,599.

3 – The Authority's cash and cash equivalent (including tenant security deposits) at September 30, 2015 was \$2,438,407 representing an increase of \$708,852 from the prior fiscal year.

4 – The Authority had Total Operating Revenues of \$4,610,463, and Total Operating Expenses of \$5,545,158 for the year ended September 30, 2015.

5 – The Authority's capital outlays for the fiscal year were \$785,208.

6 – The Authority's Expenditures of Federal Awards amounted to \$2,624,423 for the current fiscal year.

B – Using the Annual Report

1 – Management's Discussion and Analysis

The Management's Discussion and Analysis is intended to serve as an introduction to the Authority's financial statements. The Authority's financial statements and Notes to Financial Statements included in the this Report were prepared in accordance with GAAP applicable to governmental entities in the United States of America for Proprietary Fund types.

2 – General Purpose Financial Statements

The financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business. They consist of The Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows.

The Statement of Net Position presents information on all the Authority's assets and liabilities, with the difference between the two reported as net position. Increases or decreases in net position will serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Statement of Revenues, Expenses, and Changes in Net Position presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of unrelated cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g.; depreciation and earned but unused vacation leave).

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED

The financial statements report on the Authority's activities. The activities are primarily supported by HUD subsidies and grants. The Authority's function is to provide decent, safe and sanitary housing to low income and special needs populations. The financial statements can be found on pages 8 through 10.

3 – Notes To Financial Statements

The Notes to Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The Notes to Financial Statements can be found in this Report after the financial statements.

4 – Supplemental Information

The Schedule of Expenditures of Federal Awards, Schedule of Proportionate Share of Pension Liability of Public Employees Retirement System and Schedule of Authority Contribution to the Public Employees Retirement System are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-profit Organizations. The Schedule of Expenditures of Federal Awards can be found on page 25 of this report. The Schedule of Proportionate Share of Pension Liability of Public Employees Retirement System and Schedule of Authority Contribution to the Public Employees Retirement System can be found of pages 31 and 32, respectively.

C – The Authority as a Whole

The Authority's Net Position decreased during the fiscal year as detailed below. The Authority's revenues are primarily subsidies and grants received from HUD. The Authority receives subsidies each month based on a pre-approved amount by HUD. Grants are drawn down based on need against a pre-authorized funding level. The Authority's revenues exceed expenses by \$4,360, excluding depreciation. Net Position decreased due to the GASB 68 adjustment for pension liability.

By far, the largest portion of the Authority's net position reflects Net Investment in Capital Assets (e.g., land, buildings, equipment and construction in progress). The Authority uses these capital assets to provide housing services to its tenants; consequently, these assets are not available for future spending. The unrestricted net position of the Authority is available for future use to provide program services.

D – Budgetary Highlights

For the year ended September 30, 2015, individual program or grant budgets were prepared by the Authority and were approved by the Board of Commissioners. The budgets were primarily used as a management tool and have no legal stature. The budgets were prepared in accordance with the accounting procedures prescribed by the applicable funding agency.

As indicated by the excess of revenues over expenses, when adjusted by depreciation expense, the Authority's Net Position increased during the fiscal year. The increase is indicative of the Authority operating within its budgetary limitations in total, for all its programs.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED

E – Capital Assets and Debt Administration

As of September 30, 2015, the Authority's investment in capital assets for its Proprietary Fund was \$23,234,939 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment and construction in progress. Major capital assets purchased from grants of \$99,003, during the fiscal year pertained to expenditures made in accordance with the Authority's Capital Fund Programs. These activities are funded by grants from HUD.

Additional information on the Authority's capital assets can be found in Note 3 to the Financial Statements which is included in this Report.

2 – Long Term Debt

During the fiscal year ended September 30, 2005, the Authority entered into a Capital Fund Leveraging Pool. The New Jersey Housing and Mortgage Finance Agency issued bonds and the funds were distributed to the Housing Authority. In December 2004, the Authority received \$4,217,333 to be used for capital improvements to its buildings. Further details can be found in the Note 7 to the financial statements.

F – Significant Changes from FYE September 30, 2014 to September 30, 2015

Accounts Payable Other increased by \$212,696. This increase is due to a dispute between the Housing Authority and PSE&G.

Accrued OPEB and Pension Liability increased by \$2,747,904. The increase is mostly attributed to the pension liability. During the fiscal year ended June 30, 2015 the Authority adopted Government Accounting Standards Board (GASB) Statement No. 68 *Accounting and Financial Reporting for Pensions* as required by Generally Accepted Accounting Principles for government entities. Under the provisions of GASB 68 the Authority, the Authority has included its proportionate share of the net pension liability of the Public Employees' Retirement System (PERS). Additionally, its net position as of July 1, 2014 was reduced by \$1,979,022.

The Authority received a onetime FEMA grant in the current year, in the amount of \$13,860, to run generators during Super Storm Sandy.

MANAGEMENT'S DISCUSSION AND ANALYSIS – CONTINUED

G – Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the Authority's budget for the fiscal year ending September 30, 2016:

- 1 – The state of the economy, particularly in light of current world affairs.
- 2 – The use of the Authority's Unrestricted Net Position to fund any shortfalls rising from a possible economic downturn and reduced subsidies and grants. The Authority's Unrestricted Net Position appear sufficient to cover any shortfall.

H – Contacting the Authority's Financial Management

The financial report is designed to provide a general overview of the Authority's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Executive Director, Housing Authority of the City of Hackensack, 65 First Street, Hackensack, NJ or call (201) 342-4280.

We have audited the accompanying financial statements of the Housing Authority of the City of Hackensack ("the Authority") which are comprised of the Statement of Net Position as of September 30, 2015 and the related Statement of Revenues, Expenses and Changes in Net Position and Cash Flows and Notes to the financial statements for the for the year ended.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Housing Authority of the City of Hackensack, as of September 30, 2015, and the results of its operations, and its cash flows for the years then ended in accordance with the accounting principles generally accepted in the United States of America.

INDEPENDENT-AUDITOR'S REPORT

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis presented on pages 1-5 and the Schedule of Proportionate Share of Pension Liability of Public Employees Retirement System and Schedule of Authority Contribution to the Public Employees Retirement System presented on pages 31 and 32, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements of the Housing Authority of the City of Hackensack. The Financial Data Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U. S. Office of management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements.

The financial data schedule, the schedule of expenditures of federal awards, and the Schedule of Proportionate Share of the Net pension Liability of the Public Employees System are the responsibility of management and were derived from and directly relate to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards general accepted in the United States of America. In our opinion, the financial data schedule and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards* We have also issued our report dated June 30, 2016 on our consideration of the Housing Authority of the City of Hackensack's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

HOUSING AUTHORITY OF THE CITY OF HACKENSACK
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE 1 – Summary of Organization, Activities and Significant Accounting Policies:

A. Organization – The Housing Authority of the City of Hackensack (The Authority) is a governmental, public corporation created under the laws of the state of New Jersey to provide housing for qualified individuals in accordance with rules and regulations prescribed by the United States Department of Housing and Urban Development. The Authority is governed by a Board of Commissioners which is essentially autonomous but is responsible to the U.S. Department of Housing and Urban Development and the New Jersey Department of Community Affairs. An Executive Director is appointed by the Authority's Board to manage the day-to-day operations of the Authority. The Authority is responsible for the development, maintenance and management of public housing for low and moderate income families residing in the City of Hackensack. Operating and modernization subsidies are provided to the Authority by the federal government.

B. Activities – The combined financial statements include all the accounts of the Authority. The Authority is the lowest level of government over which the Authority's Board of Commissioners and Executive Director exercise oversight responsibility. The Authority is not included in any Governmental "reporting entity" since its board members, while they are appointed primarily by the mayor, have decision making authority, the power to designate management, the responsibility to significantly influence operations, and primary responsibility for accounting and fiscal matters. The Authority has not identified any entities which should be subject to evaluation for inclusion in the Authority's reporting entity.

C. Significant Accounting Policies

a. Basis of Accounting – The accrual basis of accounting is used for measuring financial position and operating results of Proprietary Fund Types. Under the accrual basis of accounting, transactions are recognized when they occur, regardless of when cash is received or disbursed. Proprietary Fund revenues and expenses are recognized on the accrual basis, with revenues recognized in the accounting period in which they are earned and become measurable, and expenses recognized in the period incurred, if measurable. Thus, for example, proprietary funds recognized revenue in the period in which a service is provided, regardless of how long after the end of the period the revenue is expected to be collected.

Using the accrual basis of accounting is consistent with the proprietary fund focus on measuring all the costs of providing goods or services for the period and matching those costs with the revenues earned during the period by providing the goods or services.

b. Report Presentation – The financial statements included in this Report were prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America applicable to governmental entities for Proprietary Fund Types. The Authority implemented the provisions of Governmental Accounting Standards Board Statement No. 34 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments" (Statement No. 34). The Authority also adopted the provisions of Statement No. 37 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus" and Statement No. 38 "Certain Financial Statement Note Disclosures", which supplements Statement No. 34. Statement No. 34 established standards for all state and local governmental entities that include a statement of net assets, a statement of activities and a statement of cash flows. It requires the classification of net assets into three components – Invested in Capital Assets, Net of Related Debt; Restricted Net Assets and Unrestricted Net Assets. Statement No. 63 "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of resources, and Net Position" requires the re-naming of the Statement of Net Assets to the Statement of Net Position.

HOUSING AUTHORITY OF THE CITY OF HACKENSACK
NOTES TO FINANCIAL STATEMENTS
September 30, 2015

NOTE 1 – Summary of Organization, Activities and Significant Accounting Policies
(Continued)

The Statement of Net Position reports all assets, deferred outflows of resources, liabilities and deferred inflows of resources and net position. These classifications are defined as follows:

Net Investment in Capital Assets – This component consists of land, construction in progress and depreciable assets, net of accumulated depreciation and net of the related debt outstanding. If there are significant unspent related debt proceeds as of year-end, the portion of the debt related to the unspent proceeds is not included in the calculation of Net Investment in Capital Assets. Rather, that portion of the debt is included in the same net asset component as the unspent proceeds.

Restricted Net Position – This component includes net position subject to restrictions placed on net asset use through external constraints imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by the law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This component consists of net position that does not meet the definition of Restricted Net Position or Net Investment in Capital Assets.

The adoption of Governmental Accounting Standards Board Statements 34, 37 and 38 have no significant effect on the basic financial statements, except for the classification of net assets in accordance with Statement No. 34.

Significant Accounting Policies are as follows:

1 – Cash and cash equivalents are stated at cost, which approximates market. Cash and cash equivalents include cash in banks, petty cash, certificates of deposit, and other investments with original maturities of less than three months from the date of purchase.

Investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties.

2 – Collection losses on accounts receivable are charged against an allowance for doubtful accounts.

3 – Buildings and equipment are recorded at cost for all programs and depreciation is computed on the straight line basis.

4 – Repairs funded out of operations, such as painting, roofing and plumbing, are charged against income for all programs.

5 – The Authority is subsidized by the Federal Government. The Authority is not subject to Federal or State income taxes, nor is it required to file Federal and State income tax returns.

6 – Operating subsidies received from HUD are recorded as income when earned.

7 – The cost of accumulated unpaid compensated absences, including fringe benefits, is reported in the period earned rather than in the period paid.

8 – Prepaid expenses represent payments made by the Authority in the current year to provide services occurring in the subsequent fiscal year.

9 – Inventories in the Proprietary Fund consist of supplies and are recorded at the lower cost or market.

10 – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period.

11 – The Authority has elected not to apply to its proprietary activities Financial Accounting Standards Board Statements and Interpretations, Accounting Principles, Board Opinions, and Accounting Research Bulletins of the Committee of Accounting Procedures issued after November 30, 1989.

12 – The Authority does not have any infrastructure assets for its Proprietary Fund.

13 – Inter-fund receivables and payables arise from inter-fund transactions and are recorded by all funds affected in the period in which the transactions are executed.

14. Long-lived assets to be held and used are tested for recoverability whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. When required, impairment losses on assets to be held and used are recognized based on the fair value of the asset and long-lived assets to be disposed of by sale are reported at the lower of carrying amount or fair value less cost to sell. As of September 30, 2012 and 2011, the Authority has not recognized any reduction in the carrying value of its fixed assets when considering SFAS 144.

15. The Housing Authority has elected early adoption of GASB 65. Under GASB 65, debt issuance costs are expensed in the period incurred. This represents a significant change from the previous practice which was to record these costs as assets and amortize them over the life of the related debt.

c. Budgetary Policy Control – The Authority submits its annual operating and capital budgets to the State of New Jersey Department of Community Affairs in accordance with New Jersey statute. After the New Jersey Department of Community Affairs approves the budget, it is formally adopted by resolution of the Authority's Board of Commissioners. Once adopted, the Board of Commissioners may amend the legally adopted budget when unexpected modifications are required in estimated revenues and expenses. Each fund's budget is prepared on a detailed line item basis. Revenues are budgeted by source and expenditures are budgeted by expense classification within each revenue source.

NOTE 1 – Summary of Organization, Activities and Significant Accounting Policies
(Continued)

- d. **New Accounting Pronouncements** – During the current fiscal year, the Authority was required to adopt GASB Statement 68, *Accounting and Financial Reporting for Pensions* which requires employers to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions. Additional information regarding the adoption of GASB 68 can be found in Note 7 to these financial statements.

NOTE 2 – Cash and Cash Equivalents

The Authority maintains cash, cash equivalents and investments in local banks. The funds are covered by collateral agreements that require the institution to pool collateral for all governmental deposits. In addition, the collateral must be held by an approved custodian in the Authority's name. Cash and cash equivalents of \$2,438,407 at September 30, 2015 consisted of the following:

	<u>2015</u>
Checking Accounts	\$ 2,259,691
Security Deposits	178,566
Petty Cash	<u>150</u>
	<u>\$ 2,438,407</u>

The carrying amount of the Authority's cash and cash equivalents on deposit as of September 30, 2015 was \$2,438,407 and the bank balances were \$2,508,043. Of the bank balances, \$256,494 was covered by FDIC insurance and \$2,251,549 was covered by a collateral pool.

The Authority's cash and cash equivalents are categorized as prescribed in GASB 40 to give an indication of the level of risk assumed by the Authority. As described above, \$2,251,549 of the Authority's deposits exceeded FDIC insurance and were collateral agreements required by the State of New Jersey.

NOTE 3 – Investments

The Authority's investments include two certificates of deposit with a maturity greater than one year from the date of purchase and are stated at fair value in the Statement of Net Position, with all gains and losses included in the Statement of Activities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income is recorded on the accrual basis. Realized gains or losses on the sale of investments are calculated using the specific-identification method. Unrealized gains and losses represent the change in fair value of the individual investments for the year, or since the date of acquisition, if acquired during the year.

Investments consisted of the following at September 30, 2015:

	<u>2015</u>
Certificate of Deposit with a maturity of one year from date of acquisition	<u>\$ 725,833</u>

NOTE 3 – Investments - Continued

Investments are measured at fair value. Generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of the fair value hierarchy are as follows:

Level 1 inputs are adjusted quoted market prices in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date. Level 1 inputs provide the most realizable measure of fair value as of the measurement date.

Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3 inputs are significant unobservable inputs for the asset or liability. The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

All of the Authority's investments at September 30, 2015 are included in Level 1 of the hierarchy.

NOTE 4 - Fixed Assets

Fixed assets consist primarily of expenditures to acquire, construct, and improve the facilities of the Authority and are stated at cost, less accumulated depreciation. The following is a summary of the fixed asset changes for the fiscal years ended September 30, 2015

	<u>Oct 1, 2014</u>	<u>Additions</u>	<u>Disposals</u>	<u>Other</u>	<u>Sep 30, 2015</u>
Land	\$ 2,202,669	\$ -	\$ -	\$ -	\$ 2,202,669

Accumulated Depreciation	<u>(12,143,755)</u>	<u>(963,383)</u>	<u>-</u>	<u>-</u>	<u>(13,107,138)</u>
Net	<u>\$ 23,413,114</u>	<u>\$ (178,175)</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,234,939</u>

Expenditures are capitalized when they meet the Authority's Capitalization Policy requirements. Under that policy, assets purchased or constructed at a cost not exceeding \$1,000 are expensed when incurred. Depreciation of Fixed Assets is provided using the straight-line method for reporting purposes at rates based upon the following estimated useful lives:

	<u>Years</u>
Buildings	40
Components	20
Site Improvements	15
Furniture	10
Equipment	5
Vehicles	5
Computers	3

Depreciation expense for the fiscal years ended September 30, 2015 amounted to \$963,383.

NOTE 5 – Payment in Lieu of Taxes (PILOT)

Under Federal, State and local law, the Authority's programs are exempt from income, property and excise taxes. However, the Authority entered into a new agreement with the city and is now required to make a payment in lieu of taxes (PILOT) for the PHA Owned Program in accordance with the provisions of its Cooperation Agreement with the City of Hackensack. Under the Cooperation Agreement, the Authority must pay the municipality the lesser of 10% of its net shelter rent or the approximate full real property taxes. During the fiscal year ended September 30, 2015 PILOT expense of \$280,911 was accrued.

NOTE 5 – Accrued Compensated Absences

Accrued compensated absences of \$171,128 at September 30, represents amounts to which employees are entitled to based on accumulated leave earned in accordance with the authority's Personnel Policy. Employees may be compensated for accumulated vacation leave up to one year in the event of retirement from service at the current salary. Employees may be compensated for sick leave at retirement or termination at 75-100% of the earned, accrued and unused sick leave at the current salary to a maximum of \$15,000. The current portion was \$17,113 September 30, 2015

NOTE 6 – Pension Plan

General Information about the Pension Plan

Plan Description - The Authority participates in the New Jersey Public Employees Retirement System (PERS) which is sponsored and administered by the New Jersey Division of Pensions and Benefits. PERS is a cost-sharing, multiple-employer defined benefits pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). PERS issues a publicly available report that can be obtained at the following website: www.state.nj.us/treasury/pensions/annrpts.shtml.

Benefits Provided - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

- Tier 1 – Members who were enrolled by July 1, 2007.
- Tier 2 – Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008.
- Tier 3 – Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010.
- Tier 4 – Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011.
- Tier 5 – Members who were eligible to enroll on or after June 28, 2011.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching

age 62. Service benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and to tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached service retirement age for the respective tier.

Contributions - The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by state of New Jersey legislation. PERS provided for employee contributions of 6.5% of employees' annual compensation, as defined. The employee rate was increased from 6.5% to 7.0% of base salary effective July 1, 2012 plus an additional 1% phased in over 7 years beginning in fiscal year 2013. The housing authority's contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. The actuarially determined contribution includes funding for cost of living adjustments and a noncontributory death benefit. The employer contribution rate was 6.78% - 6.92% and 6.64% - 6.78% in fiscal years 2015 and 2014, respectively. Chapter 9, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. The unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, the measurement date, the Authority reported \$2,452,713 for its proportionate share of the net pension liability. The Authority's portion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Authority's allocation percentage as of June 30, 2015 was 0.0109261981%.

The components of the Authority's net pension liability as of June 30, 2015, the most recent evaluation date is as follows:

Total Pension Liability	\$	4,710,238
Plan Fiduciary Net Position		<u>2,257,526</u>
Net Pension Liability	\$	<u>2,452,713</u>

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

NOTE 6 – Pension Plan - Continued

Actuarial Assumptions - The Authority's net pension liability for the fiscal year ended September 30, 2015 was determined at a measurement date of June 30, 2015. The total pension liability for the June 30, 2015 measurement date was determined by an actuarial evaluation as of July 1, 2014, which was rolled forward to June 30, 2015. That actuarial valuation used the following assumptions, applied to all periods in the measurement:

Inflation Rate	3.04%
Salary Increases	2.15% - 4.40%
2012-2021	based on age
Thereafter	3.15% - 5.40%
	based on age
Investment Rate of Return	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees. The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. It is likely that future experience will not exactly conform to these assumptions. To the extent that actuarial experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact will be on future financial statements. In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer after consultation with the Director of the Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in the PERS's target allocation as of June 30, 2015 are summarized in the following table:

Commodities	0.01%	5.32%
Global Debt ex US	3.50%	-0.40%
REIT	4.25%	5.12%

Discount Rate - The discount rate used to measure the total pension liability was 4.90% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.8% as of June 30, 2015, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining total pension liability.

Sensitivity of the Authority's proportionate share of the net pension liability to changes in the discount rate - The following presents the net pension liability of the Authority as of June 30, 2015 and June 30, 2014, respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (3.9%)	Current Assumption (4.9%)	1% Increase (5.9%)

NOTE 6 – Pension Plan - Continued

For the year ended September 30, 2015, the Authority recognized pension expense of \$90,970. At September 30, 2015 the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Changes of assumptions	\$ 263,402	\$ -
Differences between expected and actual experience	58,513	-
Net differences between projected and actual earnings on plan investments	-	39,435
Changes in proportion	152,123	111,081
Authority's contributions subsequent to the measurement date	-	-
	<u>\$ 474,038</u>	<u>\$ 150,516</u>

\$152,123 reported as deferred outflows and \$111,081 reported as deferred inflows related to changes in the housing authority's proportion will be amortized over the average of the expected remaining service lives of all plan members, which is 5.72 and 6.44 years for the 2015 amounts. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2016	\$ 56,496

NOTE 7 – Long Term Debt

During the fiscal year ended September 30, 2005, the Authority entered into a Capital Fund leveraging pool. The New Jersey Housing and Mortgage Finance Agency issued tax exempt, twenty year Capital Fund Program Revenue Bonds, 2004 Series A. The Authority's share of the funds from the bond issue pool amounted to \$4,335,000. The related closing costs of \$117,667 are to be amortized over the 20 year life of the bonds. The net funds received from the leveraging pool were restricted and spent in accordance with the Authority's Capital Fund Budget within four years.

	<u>\$ 2,720,000</u>	<u>\$ 751,139</u>	<u>\$ 3,471,139</u>

NOTE 8 – Risk Management

The Authority is exposed to various risks of loss related to torts, theft, damage to and destruction of assets, errors and omissions, and natural disasters for which the Authority carries commercial insurance. During the years ended September 30, 2015 and 2014 the Authority's risk management program consisted of various insurance policies for fire, general liability, crime, auto and public officials' errors and omissions. Periodically, but not less than once annually, the Authority conducts a physical inspection of its Projects for the purpose of determining potential liability issues. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Settled claims relating to the commercial insurance have not exceeded the amount of insurance in any of the past three fiscal years.

NOTE 9 – Other Post Employee Retirement Benefits (OPEB)

The Authority's annual other postemployment benefit ("OPEB") cost (expense) is calculated based on the annual required contribution of employer ("ARC"), an amount actuarially determined in accordance with parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty (30) years. The following table shows the components of the Authority's annual OPEB costs for the fiscal year, the amount actually contributed to the plan and changes in the Authority's net OPEB obligation to the plan:

Annual Required Contribution	\$ 283,989
Interest on net OPEB obligation	19,442
Adjustment to annual required contribution	85,229

FUNDED STATUS AND FUNDING PROGRES

As of September 30, 2015 the most recent valuation date, the plan was 0.0% funded. The actuarial liability for benefits was \$3,814,006, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$3,814,006.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrences of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented in the required supplementary information following the financial statements, presents multiyear trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

ACTUARIAL METHODS AND ASSUMPTIONS

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by employer and plan members) and include the types of benefits provided at the time each valuation and the historical pattern of sharing benefit costs between employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS**

Board of Commissioners
Housing Authority of the City of Hackensack
Hackensack, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Controller General of the United States, the financial statements of the Housing Authority of the City of Hackensack as of and for the year ended September 30, 2015 and have issued our report thereon dated June 30, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the City of Hackensack's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, material weakness may exist that have not been identified.

REPORTING AND COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF

Compliance

As part of obtaining reasonable assurance about whether the Housing Authority of the City of Hackensack's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Board of Commissioners
Housing Authority of the City of Hackensack
Hackensack, New Jersey

Report on Compliance for Each Major Program

We have audited the Housing Authority of the City of Hackensack's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the Entity's major federal programs for the year ended September 30, 2015. The Housing Authority of the City of Hackensack's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Housing Authority of the City of Hackensack's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the housing authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major program. However, our audit does not provide a legal determination of the Housing Authority of the City of Hackensack's compliance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133
(Continued)

Opinion on Each Major Program

In our opinion, the Housing Authority of the City of Hackensack complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

Report on Internal Control Over Compliance

Management of the Housing Authority of the City of Hackensack is responsible for establishing and maintaining effective internal control over compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Housing Authority of the City of Hackensack's internal control over compliance with the types of requirements that could have a direct and material effect on each major program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A *deficiency in internal control* over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be *material weaknesses* or *significant deficiencies*. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

This purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of our testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
